CAREER OBJECTIVE

B.Tech Computer Science & Engineering student (2027 batch) with a strong foundation in Core Java, Data Structures and OOP, and hands-on full-stack experience with the MERN stack. Seeking a Software Engineer / Web Developer role where I can build reliable, high-quality software, apply my problem-solving skills to real-world products and keep growing as an engineer.

EDUCATION

Lakireddy Bali Reddy College of Engineering, Mylavaram, AP | Present

B.Tech in Computer Science & Engineering | CGPA: 7.99 / 10

Sri Saraswathi Junior College, Ongole, AP | June 2023

Class XII (Intermediate) | 89.2%

Vijetha High School, Ongole, AP | June 2021

Class X (SSC) | 93%

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript, C, SQL

Web Development: React, Node.js, HTML, CSS, Tailwind CSS, Full-Stack (MERN) Development

Databases: MySQL, MongoDB

Testing & QA: Manual Testing, Functional Testing, Debugging, Bug Identification & Resolution

Tools & Cloud: Git, GitHub, VS Code, AWS, ServiceNow

Fundamentals: Data Structures & Algorithms, Object-Oriented Programming

PROJECTS

Smart Resources Recycling (SR) System | Full Stack Development | 2024

- Designed an end-to-end waste-management web platform with full frontend and backend integration.
- Built structured relational schemas in MySQL and optimised CRUD operations to simplify user workflows.
- Manually tested user flows and CRUD operations before release.

Online OP Registration System | React + Backend | 2025

- Built a hospital outpatient registration and doctor scheduling application with React to help reduce waiting times.
- Integrated real-time doctor availability tracking and department-based filtering.
- Debugged and validated component behaviour across multiple user scenarios.

Employer Data Analyser | Python & Web Tools | 2025

- Developed an application that processes corporate datasets and generates automated performance reports.
- Improved data visualisation and retrieval efficiency.

INTERNSHIPS

MERN Stack Intern, Council for Skills and Competencies | May 2026 - Jun 2026

- Built web applications using MongoDB, Express, React and Node.js.

Java Development Intern, Pinnacle Labs | Jul 2025 - Aug 2025

- Worked on Java development tasks, applying Core Java and OOP principles.

Full Stack Web Development Intern, MINDENIOUS | May 2025 - Jul 2025

- Gained hands-on experience building full-stack web applications across frontend and backend.

EXPERIENCE & LEADERSHIP

Campus Lead, GeeksforGeeks (GFG) Campus Mantri, LBRCE | 2025 - 2026

- Selected as the official GFG representative at LBRCE and mentored a competitive programming community of students.
- Organised technical workshops and coding contests on Data Structures, Algorithms and backend programming.

Core Member, College Tech Club | 2025 - 2026

- Managed cross-functional student teams and coordinated logistics for major engineering events and technical fests.
- Engineered a Community Service Project model, "Rain Water Power: The Self-Sufficient Community Model", which recycles rural wastewater into renewable electric power.

NSS Volunteer & Campaign Lead | 2025 - 2026

- Led crowd control operations and child-safety management during major festival occasions in Vijayawada.

CERTIFICATIONS & ACHIEVEMENTS

- **Certifications:** AWS Certified Cloud Practitioner, Salesforce Associate, ServiceNow, Java & Python (Infosys), Python & JavaScript (Cisco)
- **Hackathon:** 2nd Prize in the Web Development Hackathon at RVR & JC College of Engineering, building a functional prototype under strict time constraints.
- **Coding Consistency:** Regular problem-solving streak on LeetCode, CodeChef and GeeksforGeeks.
